What is the MD2 Automated Medication Dispenser?

- Holds as many as 60 doses of pills in convenient re-usable medication cups
- Can dispense up to 6 times per day- (100 cups included)
- Each medication cup can hold up to 50 aspirin sized pills.
- Stores up to 3-4 weeks of medications for most people.
- Will speak to the person, *"Time to take your medication. Press the red button"*
- Over 20 Pre-programmed text & voice messages such as "Take with food" or "Time to take your insulin".
- Lockable cabinet helps keep medications safe (2 keys are included).
- About the size of a LARGE coffeemaker - fits on your countertop.
- Built in battery backup power for up to 10 hours.

Many elderly take as many as 20 different pills throughout the day.

Because it's so hard to keep track of all of their pills some people end up having to go into a nursing home
